Double sided banners are created for maximum visibility and attention! They can be printed on both very durable 13 oz vinyl, or an extra-durable 18 oz vinyl material, on both sides. The finished double sided banner comes with extra strong hems and grommets, and optional pole pockets and wind slits. These banners are perfect for outdoor use, hung somewhere where the banner can be easily seen from both sides.

Double Side Banner Material

A double-sided banner is printed on a high quality 13oz Vinyl with the best professional colors in the market. The banner is made from two separate banners that are hemmed and put together back to back. They are adhered to using heat, and grommets are placed every 2-4 feet around the perimeter based on your selection. A Double Side Banner is rated for both indoor and outdoor use, and comes with multiple finishing options. If you've got an important message to share, one of the best ways to get the news across is with a great display. A double-sided banner is a display option that many opt for when searching for a publicity method that can add plenty of flexibility to their advertising attempts. There are a number of things that set this type of banner apart from others, with the first being its ability to capture attention from any and every direction.

Use of Double Side Banners

In addition to this significant perk, other pros are that double sided banners are customizable in size, look, and finish, and come in a heavy-duty vinyl material that allows information to be shared in a pronounced and impressive way. These banners can be conveniently placed in a variety of settings, both indoor and outdoor, and can be hung or placed in a number of ways. Double sided banners can be hung from ceilings, walls, fences, or other permanent or semi-permanent hardware, on a transparent surface with suction accessories, or using a banner stand.
Whether you are searching for a display that can effectively advertise your message at a weekend-long conference or are in need of something longer-term or more permanent, a double-sided banner is a wise choice that can be crafted to meet your needs and gather absolute attention in a dual-style manner.

Care of a Double Side Banners

To take good care of your double-sided banner, regularly clean it with warm water and give it some time to air dry before putting it back in storage. For easy storing, roll it up and keep it in a dry area at room temperature. Any wrinkles in your banner should come out within a couple of hours in the sun or heat.

How to Display Double Side Banners

One of the easiest applications is to install a double sided banner. Use cords, strings, or bungees to attach the corner grommets to a stationary object, such as poles or anything else that you choose. This advertising option is ideal for a wide range of spaces including malls, stadiums, arenas, and even outdoor fairs and festivals. With the optimized attention-grabbing factor, someone utilizing this display method can reach twice as many people, catching the eyes of traffic coming and going. Regardless of the information being shared, whether an important announcement, social issue campaign, or a more specific product marketing endeavor, a banner such as this can play a significant role in capturing attention and getting that important information out there.

Custom Vinyl Banners Finish Options

Before placing your order, it's a good idea to view and decide on the following detailed options. **Free Hems and Grommets.**
HEMS

Hems consist of one inch of the Custom Banner material folded over to the backside of the banner and heated together to form a clean and strong one-inch hem. We recommend having hems on all banners to increase the strength and durability of the banner. We offer free hems on all our banners. Hemmed edges are typically used to reinforce the sides of vinyl banners. This helps to maintain the banner's shape and prevent stretching.
POLE POCKETS

Provide a convenient method for hanging or attaching vinyl signs at regular points. This distributes the weight and helps to keep the vinyl signs from sagging. Hems Hemmed edges are typically used to reinforce the sides of vinyl banners, helping maintain the banner's shape and prevent stretching. This is particularly helpful when grommets are used on vinyl signs.
POLE POCKETS

Pole Pockets allow for rigid poles or dowels to be inserted along the edges of the banner. This allows for a more even distribution of the banner's weight to prevent sagging. Opposing pole pockets can also be used to make the banners more rigid.
WIND SLITS

If you choose this option, we will cut small half-circles into your banner to reduce wind resistance. This feature is perfect for outdoor banners, as it helps to prevent twisting and flapping in the wind.
