Pole Banners

Pole banners are perfect, and most often used, for business advertisements. There are three types of pole banners, depending on their purpose. Indoor Pole Banners are finished with pole pockets on top and bottom and optional grommets. They are double-sided, printed on a high quality 13 oz curl-proof vinyl. They're most often seen in malls, restaurants and coffee houses, small or large businesses, and hotels.

Outdoor Pole Banners are also finished with pole pockets on top and bottom, as well as optional grommets and wind slits. They are double-sided, printed on an extra durable 18 oz premium vinyl. These banners are typically mounted on light poles, or could even act as parade banners. One-Sided Pole Banners are printed on one side only, on a 13 oz vinyl material. These are available in almost all of our regular vinyl banner sizes and also come with pole pockets on top and bottom, as well as optional grommets and wind slits. This option allows you to mount the banner is multiple ways, depending on your need, and it is also perfect for use in a parade, since the people will march behind it, and only one side will show. Choose your 3x1 Pole Banner it's a great banner for both indoor and outdoor use. With proper storing and maintenance you can use it multiple times for many years.

Upload your own design or use our friendly banner maker tool to create your own custom 3x1 Pole Banner. Pole Banner Material

A pole banner is printed on a high quality 13oz Vinyl with the best professional colors on the market. The banner is made from two separate banners that are hemmed and put together back to back. They are adhered to using heat, and grommets are placed every 2-4 feet around the perimeter based on your selection. A Pole Banner is rated for both indoor and outdoor use, and comes with multiple finishing options

If you've got an important message to share, one of the best ways to get the news across is with a great display. A pole banner is a display option that many opt for when searching for a publicity campaign that is both memorable and easy to their advertising attempts. There are a number of things that set this type of banner apart from others, with the first being its ability to capture attention from any and every direction.

Use of a Pole Banner

In addition to this significant perk, other pros are that pole banners are customizable in size, look, and finish, and come in a heavy-duty vinyl material that allows information to be shared in a weather-resistant manner. Pole Banner banners can be conveniently placed in a variety of settings, both indoor and outdoor, and can be hung or placed in a number of ways. More specifically speaking, one can consider hanging this type of banner using suspension hardware, on a transparent surface with suction accessories, or using a banner stand.

Whether you are searching for a display that can effectively advertise your message at a weekend-long conference or are in need of something longer-term or more permanent, a pole banner is a wise choice that can be crafted to meet your needs and gather absolute attention in a dual-styled manner.

Care of a Pole Banner

To take good care of your pole banner, regularly clean it with warm water and give it some time to air dry before putting it back in storage. For easy storing, roll it up and keep it in a dry area at room temperature. Any wrinkles in your banner should come out within a couple of hours in the sun or heat.

Installation of a Pole Banner

One of the easiest applications is to install a pole banner. Use cords, strings or bungees to attach the corner grommets to a stationary object, such as poles or anything else that you choose. This advertising option is ideal for a wide range of spaces including malls, stadiums, arenas, and even outdoor fairs and festivals. With the optimized attention-grabbing factor, someone utilizing this display method can reach twice as many people, catching the eyes of traffic coming and going. Regardless of the information being shared, whether an important announcement, social issue campaign, or a more specific product marketing endeavor, a banner such as this can play a significant role in the success of your message being communicated effectively.

ARTWORK SPECIFICATIONS

Which are the Accepted File formats?
Accepted file formats are JPEG, JPG, PDF, EPS, CDR, AI, GIF, PSD, TIF, TIFF, PPT, PNG DOC, DOCX, and BMP and pub image. However, Adobe Illustrator EPS and AI files, are better suited for large format printing. If you are using the design tool the file formats that can be uploaded are PNG, JPEG, JPG, GIF, EPS, AI, TIFF, and PSD.

What resolution should I use for the artwork?
The minimum resolution should be 150dpi for actual size artwork and 300dpi if the artwork is about half size. Provide all image files in inches. For example, if you want your banner to be 2 Feet High x 4 Feet Wide, then set the artwork size at 24"H X 48"W.

What Color mode is accepted?
Usually, we provide full-color printing in CMYK for all types of **banners**, signs, and related products. We recommend using CMYK for printing in case of files submitted in RGB because we accept RGB as well. Whether CMYK or RGB, we always strive to deliver the best results to meet your specified color requirement.

What kind of fonts do you support?
At Bannerstore.com, you don't have to worry about fonts because we bring the widest variety of today's most popular fonts. In the **banner design tool**, you can select the fonts of your choice from our large library and personalize the text for your banner as well as signs. If you are uploading your file, we recommend outlining all your artwork's fonts properly before exporting the file for printing or supplying us with the fonts used in your artwork. This will help you avoid any delay in the final printing work.

Do I have to add bleed to my artwork?
If your artwork design has a bleed, then we will use extra material for the banner finish such as hems and pole pockets. You do not need to add bleed to your artwork.

what size do you offer for banners?
Sizes of Custom Blank Banners start from 2' x 2' but can be customized to reach 150' in length and width 10' for horizontal vinyl banners and 150' in height and width 10' for vertical banners. The size of your Custom 13 oz Banner design depends on your needs.

Custom Vinyl Banners Finish Options

Before placing your order, it's a good idea to view and decide on the following detailed options. **Free Hems and Grommets.**

HEMS

Hems consist of one inch of the Custom Banner material folded over to the backside of the banner and heated together to form a clean and strong one-inch hem. We recommend having hems on all banners to increase the strength and durability of the banner. Hems are the standard on all our banners. Hemmed edges are typically used to reinforce the sides of vinyl banners. This helps to maintain the banner's shape and prevent stretching.

POLE POCKETS

Provide a convenient method for hanging or attaching vinyl signs at regular points. This distributes the weight and helps to keep the vinyl signs from sagging. Hems Hemmed edges are typically used to reinforce the sides of vinyl banners, helping maintain the banner's shape and prevent stretching. This is particularly helpful when grommets are used on vinyl signs.

POLE POCKETS

Pole Pockets allow for rigid poles or dowels to be inserted along the edges of the banner. This allows for a more even distribution of the banner's weight to prevent sagging. Opposing pole pockets can also be used to make the banners more rigid.

WIND SLITS

If you choose this option, we will cut small half-circles into your banner to reduce wind resistance. This feature is perfect for outdoor banners, as it helps to prevent twisting and flapping in the wind.
