Before placing your order, it's a good idea to view and decide on the following detailed options: **Free Hems and Grommets.**

Custom Vinyl Banners Finish Options

Before placing your order, it's a good idea to view and decide on the following detailed options. **Free Hems and Grommets.**
HEMS

Hems consist of one-inch of the Custom Banner material folded over to the backside of the banner and heated together to form a clean and strong sew-in hem. We recommend having hems on all banners to increase their strength and durability of the banner. . We offer free hems on all our banners. Hemmed edges are typically used to reinforce the sides of vinyl banners. This helps to maintain the banner's shape and prevent stretching.
POLE POCKETS

Provide a convenient method for hanging or attaching vinyl signs at regular points. This distributes the weight and helps to keep the vinyl signs from sagging. Hems Hemmed edges are typically used to reinforce the sides of vinyl banners, helping maintain the banner's shape and prevent stretching. This is particularly helpful when grommets are used to hang signs.
POLE POCKETS

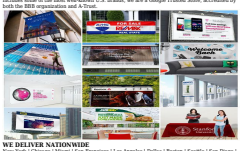

Pole Pockets allow for rigid poles or dowels to be inserted along the edges of the banner. This allows for a more even distribution of the banner's weight to prevent sagging. Opposing pole pockets can also be used to make the banners more rigid.
WIND SLITS

If you choose this option, we will cut small half-circles into your banner to reduce wind resistance. This feature is perfect for outdoor banners, as it helps to prevent twisting and flapping in the wind.
