Product Details

Velcro For Banners

Velcro Hook and Loop Fastener is used as an alternative for hanging your banner on the wall. Consists of a "Male" part (prickly hook), and a "Female" part (soft loop). The hook part attaches to the back of the banner and you the soft loop part you will place on the desired surface. Easy to place and remove.

Acrylic Adhesive backed hook and loop for hanging signs, banners, and trade show graphics. For indoor and outdoor use. The hook is the stiff plastic and the loop is the fuzzy stuff.

Velcro Hook and Loop Fastener are used as an alternative for hanging your banner on the wall. Consists of a "Male" part (prickly hook), and a "Female" part (soft loop). The hook part attaches to the back of the banner and you the soft loop part you will place on the desired surface. Easy to place and remove.

• Size 1/2"x75'
• Fasten and reattach products quickly and easily.
• Hook and Loop are Sold Together
• Strong acrylic adhesive can be used outdoors.
• Hook and loop must be used in combination.
• Recommended for putting up signs, holding tools, and creating display boards.

The adhesive back hook & loop has a rubber-based pressure-sensitive adhesive tape that bonds very well to hard surfaces and can be used in both high and low-temperature environments. These rolls of adhesive back hook & loop tape are great to have on hand for hanging everything from attaching signs, graphics on P.O.P. displays, computer components, construction projects, posters, and pictures on walls to fastening bed skirts and securing pillows in cases.
