Our customer-friendly website allows you to design your own custom vinyl banners by using any of our thousands of templates covering every occasion. Vinyl banners, as large or small as they are, are only supposed to display the most important information – exactly what you, as a business, are offering, whether a product, service, or a promotion. Vinyl banners can have the simplest design possible, or the most creative one. The beauty is in the design creativity and sending over a simple direct message to your audience.
People will typically rather stop and take a look at vinyl banners, over wasting their time on digital and TV advertising. Banners are direct, and commercials and digital ads are often full of unnecessary information.

Custom Banners Placement

Among the vast array of businesses, marketing means vinyl banners deserve special consideration. The undisputable advantage of these large-format designs is that they can be spread almost over every surface to draw attention to the advertised item or business. Usually, vinyl banners are placed on four types of surfaces. First of all, custom vinyl banners are placed on buildings. Vinyl banners with a bright design against the backdrop of gray buildings always attract passersby. The important thing here is to find an appropriate location for vinyl banners, both for the budget and the visibility of a business.
The next step is placing the vinyl banners on overpasses. In traffic jams or when there is nothing to do while going by bus, train or car the passengers and sometimes the drivers look through the window not to be bored. That is the moment they grasp your business ad on the vinyl banners. Thus, the mission is completed.
Take into consideration that you should reach out to the road owner before you place the advertisement. The places where people meet and spend time together are a brilliant opportunity to attract thousands or even millions if your vinyl banners appear in the broadcasting of some concerts. This way is the third one to put a spotlight on custom vinyl banners.
To get permission for putting the custom vinyl banners, communicate with the event promoters or the venue owners, and arrange everything properly. The last way is to put it in some sports event venue. If you do not have much money for big events, start from the small ones; however, in this case, you should carefully identify the target audience. For example, if you advertise something for men, it is unreasonable to place the vinyl banner on a girl's volleyball game. Sponsorship of an event is the alternative to paying money to the organizer or venue owner. However, placing a vinyl sign at the right place is only half the success. The quality of printing, design, and the material of custom vinyl banners should respond to the weather conditions and the environment of any future location. Other important advantages of owning a vinyl banner are price, quality, and durability. They can last you for years, and the quality is always excellent. You simply cannot go wrong with custom vinyl banners for your business.

Sizes of custom vinyl banners start from 2' x 2', but can be customized to reach 150' in length and width 10' for horizontal vinyl banners and 150' in height and width 10' for vertical banners. The size of your custom vinyl banner design depends on your needs.

Custom Banners Options

Grommets

Provide a convenient method for hanging or attaching vinyl signs at regular points. This distributes the weight and helps to keep the vinyl signs from sagging. Hems Hemmed edges are typically used to reinforce the sides of vinyl banners, helping maintain the banner's shape and prevent stretching. This is particularly helpful when grommets are used on vinyl signs.

Pole Pockets

Pole Pockets allow for rigid poles or dowels to be inserted along the edges of custom vinyl banners. This allows for a more even distribution of a banner's weight to prevent sagging. Opposing pole pockets can also be used to make the banners more rigid.

Slits

If you choose this option, we will cut small half-circles into your custom vinyl banners. This feature is perfect for outdoor banners, as it helps to prevent twisting and flapping.

Vinyl Banners Shipping

Clients enjoy free shipments if their total purchases exceed $99 in value. Another great deal is the free carry bags offered for any pull-up banner purchased from this company.

ALASKA 18 OZ PREMIUM BANNERS DURABILITY AND LIFE.

The life of a banner really depends on how it is being used, stored, and taken care of. The more vinyl signs are used, the faster they will wear out. Although, typically banners last for anywhere between 3-6 years. The most custom vinyl banners that can serve your business are 3-5 years or at least 1-2 years. Naturally, if the vinyl banners are being used outdoors 24/7, due to the weather conditions and the sunlight, they will wear out more quickly than if used sporadically, or if used indoors. It is not difficult to maintain a banner and store it, but the maintenance really determines the lifespan of vinyl signs.
In ALASKA if you are planning to mount your custom vinyl banners outdoors, you are better off getting an extra durable 18-ounce vinyl, and adding slits to the design if your vinyl banners will be placed against a fence, or hung freely in the air, where it can be blown around. You can consider ordering reinforced corners along with your banner if you are planning to order grommets to hang your banner, as the reinforced corners will ensure extra support to the corners of your banner, and prevent ripping. When storing your banner for later use, we recommend that you roll it and keep it away from dust and extreme heat, as opposed to folding it. When the banner is rolled as opposed to folded, you are preventing the banner from creasing.
Though, if the banner is too large, and it is easier to fold over the roll, don't stress out too much, you can always get rid of creases when hanging or laying the banner flat, and applying light heat to the custom vinyl banners, but not too close. If you have any additional questions on how to take proper care of your banner and vinyl banners to ensure a longer lifespan, don't hesitate to call or email us. We will be happy to assist you!
