CHEAP BANNERS SIZES

Sizes of cheap custom banners start from 2’ x 2’ but can be customized to reach 150’ in length and width 10’ for horizontal vinyl banners and 150’ in height and width 10’ for vertical banners. The size of your custom vinyl banner design depends on your needs.

Cheap 2'x3' Custom Banner (24"x36") OPTIONS

HEMS

Hems consist of one inch of the **2'x3' Custom Banner** material folded over to the backside of the banner and heated together to form a clean and strong one-inch hem. We recommend having hems on all banners to increase the strength and durability of the banner. . We offer free hems on all our banners. Hemmed edges are typically used to reinforce the sides of vinyl banners. This helps to maintain the banner’s shape and prevent stretching.

GROMMETS

Provide a convenient method for hanging or attaching vinyl signs at regular points. This distributes the weight and helps to keep the vinyl signs from sagging. Hems Hemmed edges are typically used to reinforce the sides of vinyl banners, helping maintain the banner's shape and prevent stretching. This is particularly helpful when grommets are used on vinyl signs.

Cheap 2'x3' Custom Banner (24"x36") production time and Shipping

All banners are printed and shipped in 48 hours. We offer same-day print and ship for an extra fee. You can also expedite the Production time by choosing the same-day print and ship option on the product page. Clients enjoy free ground shipping if their total purchases exceed $100.00 in value. We use UPS and FedEx to ship our products. You can choose from ground shipping, 2 days air shipping, 3 days transit shipping, or overnight shipping. **All orders must be approved for print before (1 pm) Eastern Standard.**

2'x3' Custom Banner (24"x36") DURABILITY AND LIFE

The life of a banner really depends on how it is being used, stored, and taken care of. The more vinyl signs are used, the faster they will wear out. Although, typically banners last for anywhere between 3-6 years. The most custom vinyl banners that can serve your business are 5-10 years or the last 1-2 years. Naturally, if the vinyl banners are being used outdoors 24/7, due to the weather conditions and the sunlight, they will wear out more quickly than if used sporadically, or if used indoors. It is not difficult to maintain a banner and store it, but the maintenance really determines the lifespan of vinyl signs. If you are planning to mount your custom vinyl banners outdoors, you are better off getting an extra durable 18-ounce vinyl, and adding slits to the design, if your vinyl banners will be placed against a fence, or hung freely in the air, where they can be blown around. You can consider ordering reinforced corners along with your banner if you are planning to order grommets to hang your banner, as the reinforced corners will ensure extra support to the corners of your banner, and prevent ripping. When storing your banner for later use, we recommend that you roll it and keep it away from dust and extreme heat, as opposed to folding it. When the banner is rolled as opposed to folded, you are preventing the banner from creasing. Though, if the banner is too large, and it is easier to fold over the roll, don’t stress out too much, you can always get rid of creases when hanging or laying the banner flat, and applying light heat to the custom vinyl banners, but not too close. If you have any additional questions on how to take proper care of your banner and vinyl banners to ensure a longer lifespan, don’t hesitate to call or email us. We will be happy to assist you!

Banners are great for your business, school, social club, church, sports, or team. You can design your own custom banner using our online designer or have us design a professional banner for you. Our banners are digitally printed on industry-leading 13oz material and finished out with reinforced edges and grommets at no extra charge.
