Product Details

Cheap 8'wx6'h Custom Banner (96"wx72"h) - Durable and Affordable Vinyl Banners - The Banner Store, Bannerstore.com

Budget-friendly banner that's ready to print and perfect for any occasion? Our Cheap 8'x6' Custom Banner (96"x72") is an excellent choice for customers who have their design files prepared and need no additional customization beyond hems and grommets. This cost-effective banner is ideal for promoting your business, event, or special occasion.

Key Features:
• **High-Quality Vinyl**: Crafted from durable, tear-resistant vinyl, suitable for both indoor and outdoor use.
• **Ready to Print**: Orders are sent directly to print without proofs, ensuring a fast turnaround.
• **Custom Finishing**: Includes heat-welded hems for durability and grommets in all four corners and every two feet along the top and bottom for easy hanging.

Product Specifications:
• **Size**: 8' wide by 6' high (96"x72").
• **Material Options**: Choose from 13 oz. lightweight, 15 oz. premium, or 18 oz. heavyweight vinyl.
• **Printing Options**: Available in single or double-sided printing.
• **Versatile Use**: Ideal for business promotions, events, and various other applications.

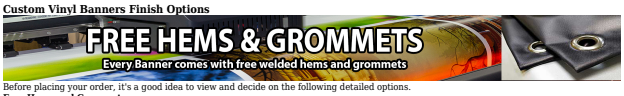

Additional Options:
• **Reinforced Corners**: Extra support for banners with grommets to prevent ripping.
• **Slits for Wind Resistance**: Recommended for outdoor banners exposed to strong winds.

Fast Production and Shipping:
• **Standard Production**: All banners are printed and shipped within 48 hours.
• **Rush Options**: Same-day print and shipping are available for an extra fee.
• **Free Shipping**: Enjoy free ground shipping on orders over $100. Choose from UPS and FedEx options, including ground, 2-day, 3-day, or overnight shipping.

Durability and Maintenance:
• **Longevity**: Depending on usage and care, banners can last anywhere from 3-6 years, with some lasting up to 10 years in optimal conditions.
• **Care Tips**: Store your banner rolled, not folded, to prevent creases. If creases occur, they can be smoothed out with light heat. For outdoor use, consider using 18-ounce vinyl and reinforced corners to withstand harsh weather.

Order Your 8'wx6'h Custom Banner Today:
Banners are perfect for businesses, schools, churches, sports teams, and more. Design your custom banner using our online design tool, or let our team create a professional design for you. All banners are printed on industry-leading 13 oz. material and finished with reinforced edges and grommets at no extra charge.

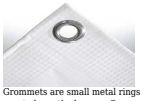

Custom Vinyl Banners Finish Options

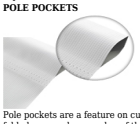

Before placing your order, it's a good idea to view and decide on the following detailed options.
Free Hems and Grommets.
HEMS

Hems on a custom vinyl banner refer to the finished edges of the banner that have been folded over and sewn to create a reinforced edge. This adds stability and strength to the banner and also provides a clean, finished look. The most common types of hems are double-fold hems and pole pockets. Double-fold hems are created by folding the edge of the banner over twice and sewing it in place to create a clean, finished edge. Pole pockets, on the other hand, are created by sewing a pocket along the edge of the banner that is used to insert a pole or other support structure.
Grommets

Grommets are small metal rings that are typically inserted into the corners or along the edges of a custom vinyl banner, which provide a secure way to hang the banner. Grommets are typically made of brass, aluminum, or other durable materials and are placed at regular intervals along the banner. They are typically used in conjunction with rope, cable ties, or bungee cords to secure the banner to a wall, fence, or other structure. The grommet itself is a small hole, usually reinforced with a metal ring, which allows for the banner to be hung up with a rope or cable tie and prevents the tearing of the material. Grommets are a common feature on banners that will be hung in high-traffic areas or exposed to harsh weather conditions, as they are durable and resistant to tearing.
POLE POCKETS

Pole pockets are a feature on custom vinyl banners that are designed to make it easy to hang the banner using a pole. They are essentially a folded-over and sewn edge of the banner, which creates a pocket where a pole can be inserted. This allows the banner to be hung from a pole or a rope, and it provides a secure way to display the banner. Pole pockets are typically placed at the top and bottom of a banner and can be created in different sizes to fit different diameter poles. Pole pockets are a convenient way to hang a banner, as it eliminates the need for additional hardware or rigging to display the banner.
WIND SLITS

Wind slits, also known as wind flaps, are small cuts or openings in a vinyl banner that are designed to reduce wind resistance and prevent the banner from tearing or getting damaged in windy conditions. When the wind blows against a banner, it can create a large amount of force on the banner, causing it to stretch, tear, or even break. Wind slits allow the wind to pass through the banner, reducing the amount of force exerted on the banner and making it more resistant to damage. They are usually placed at the corners or along the edges of a banner and are a common feature on banners that will be hung in high-wind areas or exposed to harsh weather conditions.

Frequently Asked Questions (FAQs)
Artwork Specifications
Which file formats are accepted?
• We accept JPEG, JPG, PDF, EPS, CDR, AI, GIF, PSD, TIF, TIFF, and PNG images. Adobe Illustrator EPS and AI files are preferred for large format printing. For the online design tool, you can upload PNG, JPEG, JPG, GIF, EPS, AI, TIFF, and PSD files.
What resolution should I use for the artwork?
• The minimum resolution should be 150 dpi for actual size artwork and 300 dpi if the artwork is about half size. Please provide all image files in inches. For example, for a banner that is 2 feet high by 4 feet wide, set the artwork size to 24"H x 48"W.
What color mode is accepted?
• We provide full-color printing in CMYK. However, we also accept RGB files, and our team ensures that the colors match your specifications.
What kind of fonts do you support?
• Our online design tool offers a wide variety of today's most popular fonts. If you are uploading your file, we recommend outlining all fonts before exporting or supplying us with the fonts used in your design to avoid delays.
Do I need to add bleed to my artwork?
• No need to add bleed. We will handle the extra material for banner finishing, such as hems and pole pockets.
What sizes do you offer for banners?
• Our Custom Blank Banners range from 2' x 2' up to 150' in length and width. Horizontal banners can be up to 150' long and 10' wide, while vertical banners can be up to 150' high and 10' wide.

Turnaround and Shipping
How long does the order processing and turnaround take?
• After approval, your order will be printed and shipped within 48 hours.
What type of shipping do you offer?
• We offer UPS Ground, 3-day transit, 2-day transit, 1-day transit, and Saturday delivery if available in your area.
Do you offer free shipping?
• We offer free shipping on orders over $99. Additionally, you'll receive a free carry bag with any pull-up banner purchase.
How can I track my shipment?
• Once your order is shipped, you will receive an email with tracking information. You can also log in to your Bannerstore.com account to retrieve tracking details.
What is Rush Service (Same day print and ship)?
• Rush Service ensures faster processing. Orders approved before 1 pm will be printed and shipped the same day. Orders approved after 1 pm will be shipped the next business day.
Does Rush Service include shipping?
• No, Rush Service is for expedited processing only. Shipping is charged separately.
When do I receive an online digital proof for my banner print?
• You will receive proof within 24 hours of placing your order, or within 3 business hours if using Rush Service.
What if I don't like the digital proof?
• If you're not satisfied with the proof, you can request changes or submit new artwork. We provide up to 3 proofs for free. Additional proofs cost $10 each.
