So why wait? Place your order today and get ready to make a significant impact with your custom vinyl banner!

Custom Vinyl Banners Finish Options

Before placing your order, it's a good idea to view and decide on the following detailed options.

Free Hems and Grommets.

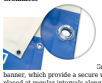

HEMS

Hems on a custom vinyl banner refer to the finished edges of the banner that have been folded over and sewn to create a reinforced edge. This adds stability and strength to the banner, and also provides a clean, finished look. The most common types of hems are double-fold hems and pole pockets. Double-fold hems are created by folding the edge of the banner over twice and sewing it in place to create a clean, finished edge. Pole pockets, on the other hand, are created by sewing a pocket along the edge of the banner that is used to insert a pole or other support structure.

Grommets

Grommets are small metal rings that are typically inserted into the corners or along the edges of a custom vinyl banner, which provide a secure way to hang the banner. Grommets are typically made of brass, aluminum, or other durable materials and are placed at regular intervals along the banner. They are typically used in conjunction with rope, cable ties, or bungee cords to secure the banner to a wall, fence, or other structure. The grommet itself is a small hole, usually reinforced with a metal ring, which allows for the banner to be hung up with a rope or cable tie and prevents the tearing of the material. Grommets are a common feature on banners that will be hung in high-traffic areas or exposed to harsh weather conditions, as they are durable and resistant to tearing.

POLE POCKETS

Pole pockets are a feature on custom vinyl banners that are designed to make it easy to hang the banner using a pole. They are essentially a folded-over and sewn edge of the banner, which creates a pocket where a pole can be inserted. This allows the banner to be hung from a pole or a rope, and it provides a secure way to display the banner. Pole pockets are typically placed at the top and bottom of a banner and can be created in different sizes to fit different diameter poles. Pole pockets are a convenient way to hang a banner, as it eliminates the need for additional hardware or rigging to display the banner.

WIND SLITS

Wind slits, also known as wind flaps, are small cuts or openings in a vinyl banner that are designed to reduce wind resistance and prevent the banner from tearing or getting damaged in windy conditions. When the wind blows against a banner, it can create a large amount of force on the banner, causing it to stretch, tear, or even break. Wind slits allow the wind to pass through the banner, reducing the amount of force exerted on the banner and making it more resistant to damage. They are usually placed at the corners or along the edges of a banner and are a common feature on banners that will be hung in high-wind areas or exposed to harsh weather conditions.

Affordable Vinyl banners

Banners and posters are affordable for clients; thus, this cost efficiency is a benefit of this type of advertising. **Banners** guarantee that more and more customers notice your business at the lowest cost possible, which is a key to your success. Even with little money at your disposal, you can attract more clients to your business, and the best method you can choose is using an outdoor custom banner. It is one of the most efficient and affordable means of giving useful information and broadening the base of customers. If a message in a banner is mostly clear and concise, this billboard has a crucial impact. Contact our company to get a perfectly designed and formatted banner to advertise any kind of event. You can announce any event like a basketball game, a one-day sale, a tennis tournament, or a business conference if you order an outdoor custom banner from us.

FREQUENTLY ASKED QUESTIONS

ARTWORK SPECIFICATIONS

Which are the Accepted File formats?

Accepted file formats are JPEG, JPG, PDF, EPS, AI, GIF, PNG, PSD, TIF, and TIFF images. However, Adobe Illustrator EPS and AI files, are better suited for large format printing. If you are using the design tool the file formats that can be uploaded are PNG, JPEG, JPG, GIF, EPS, AI, TIFF, and PSD.

What resolution should I use for the artwork?

The minimum resolution should be 150dpi for actual size artwork and 300dpi if the artwork is about half size. Provide all image files in inches. For example, if you want your banner to be 2 Feet High x 4 Feet Wide, then set the artwork size at 24"H X 48"W.

What Color mode is accepted?

Usually, we provide full-color printing in CMYK for all types of **banners**, signs, and related products. There is no need for color shifting in case files submitted in RGB because we accept RGB as well. Whether CMYK or RGB, we always strive to deliver the best results to meet your specified color requirement.

What kind of fonts do you support?

At Bannerstore.com, you don't have to worry about fonts because we bring the widest variety of today's most popular fonts. In the **banner design tool**, you can select the fonts of your choice from our large library and personalize the text for your banner as well as the signs. If you are uploading your file, we recommend outlining all your artwork's fonts properly before exporting the file for printing or supplying us with the fonts used in your artwork. This will help you avoid any delay in the final printing work.

Do I have to add bleed to my artwork?

If your design covers the full banner surface we will use extra material for the banner finish such as hems and pole pockets. You do not need to add bleed to your artwork.

what size do you offer for banners?

Sizes of Custom Blank Banners start from 2' x 2' but can be customized to reach 150' in length and width 10' for horizontal vinyl banners and 150' in height and width 10' for vertical banners. The size of your Custom 13 oz Banner design depends on your needs.

TURNAROUND AND SHIPPING

How long does the Order Processing and Turnaround take?

After approval, your order will be printed and shipped within 48 hours. You

What type of shipping do you offer?

We use UPS Ground, 3-day transit, 2-day transit, and 1-day transit, and Saturday delivery is available in your area (please check with UPS)

Do you offer free shipping?

Clients enjoy free shipments if their total purchases exceed $99 in value. Another great deal is the free carry bags offered for any pull-up banner purchased from this company.

How can I track my shipment?

Once your order is shipped, you will receive an email that includes the tracking information of the shipment which you can check at www.ups.com/tracking You may also log in to your Bannerstore.com account to retrieve your tracking info.

What is Rush Service (Same day print and ship)?

Choose this option if you want to rush your order's processing time. Orders approved before 1 pm, will be printed and shipped the same day. Orders approved after 1 pm will be shipped the following business day. If rush service is used, you receive proof of your artwork within 3 hours from the time of placing your order if requested.

Does Rush Service (Same day print and ship) include shipping?

No. This service does not include shipping and is charged separately. It is to ensure a faster processing time of your order as our usual processing time takes up to 48 hours. Please make sure to select the appropriate shipping method to ensure timely delivery.

When do I receive an online digital proof for my banner print?

Unless you choose Rush Service, you will receive proof within 24 hours of placing your order. If Rush Service is used you will receive proof within 3 business hours.

What if I don't like digital proof?

In the event you don't like the proof please tell us the changes required in your response and/or attach a new artwork file. We will send up to 3 proofs for free.

More than 3 proofs will require an additional processing fee ($10.00 per proof sent) Please contact our sales department for more information.
