#Tear Resistant Banners

Product Details

Tear Resistant Banners
Durable and eco-friendly banner material that won't break the bank!

Tear resistant banner is a great option! Made from recycled High-Density Polyethylene (HDPE), this banner material helps reduce the impact of printing on the environment. It's designed to withstand harsh weather conditions without fading or losing vibrancy, and is available in widths up to 120", so you can create banners of any size. HDPE Tear resistant banner is the perfect choice for those who want to reduce their impact on the environment without sacrificing quality or durability!

How to install HDPE Tear Resistant Banner?

Tear Resistant Banners are perfect for outdoor installation, as it comes with grommets to attach them to any surface. Whether you're hanging them on a fence, a building, or a tree, these banners are easy to put up and secure. Just ensure that you have the right tools and hardware on hand before you start, and follow the manufacturer's instructions for the best results. With a little bit of effort, you can have your banner looking great and ready to attract attention in no time!

Benefits and Use Tear Resistant Banners:

- Recyclable& alternative to PVC based scrim banners
- Lightweight& 3.5 oz. material with tear strength comparable to most standard13 oz. scrim vinyl products
- Applications
- Sustainability
- Event Screens
- Signage
- Event arch banners

Tear Resistant Banners

The Tear Resistant Banner! Now made with High-Density Polyethylene, this banner is less than half the weight of traditional vinyl banners, making it much more versatile for a variety of uses. Plus, it's designed to withstand harsh weather conditions without fading or losing vibrancy, up to 120 inches. The Tear Resistant Banner is perfect for both indoor and outdoor use and is an amalgam, water- and abrasion-resistant. Plus, it has the highest panel image quality in its class for optimal results. Don't miss out on this opportunity to get your hands on the Tear Resistant Banner today!

Tear Resistant Banners Durability and Life:

The life of a banner really depends on how it is being used, stored, and taken care of. The more it is used, the less life it will have. Under normal use, a vinyl banner will last approximately 5 to 10 years. The wood fiber can serve you in 3-10 years or the basic 1-2 years. Naturally, if the banner is being used outdoors 24/7, due to the weather conditions and the sunlight, it will wear out much faster than if it is used indoors. Also, the way that it is stored will affect the life of the banner and straw it, but the maintenance really deteresses its lifespan. If you are planning to assist your banners outdoors, you are better off getting an extra durable 13-ounce vinyl, and were to hang it. You can consider ordering reinforced corners along with your banner if you are planning to order grommets to hang your banner, as the reinforced corners will ensure that your banner will not tear around the grommets. Finally, if you are looking for a banner for the latter use, we recommend that you roll it and keep it away from dust and extreme heat, as opposed to folding it. When the banner is rolled as opposed to folded, you are preventing the vinyl from cracking along the folds. Also, if you are storing your banner, you want to make sure that it isn't stress out too much, you can always get rid of the creases when hanging or taping the banner flat, and by applying light heat to the banner, but not too close to it. If you have any questions about how to take the best care of your banner and ensure a longer lifespan, don't hesitate to contact us. We will be happy to assist you!

Affordable Vinyl banners.

Banners and posters are affordable for clients, thus, this cost efficiency is a benefit of this type of marketing. BannerStore.com is dedicated to providing customers with the highest quality at the lowest cost possible, which is a key to your success. FREQUENTLY ASKED QUESTIONS

ARTWORK SPECIFICATIONS

What artwork formats do you accept?
Accepted file formats are JPEG, JPG, PDF, EPS, CDR, AI, GIF, PSD, TIF, TIFF, PPT, PSD DOC, DOCX, BMP, and pub image. However, Adobe Illustrator EPS and AI files, are better suited for printing purposes. We have an online preview tool the file formats that can be uploaded are: PNG, JPEG, JPG, GIF, BMP, AI, TIFF, and PSD.

What resolution should I use for the artwork?
We recommend that you use 150 dpi (dots per inch) for your artwork and 3024px if the artwork is about half size. Provide all image files in inches. For example, if you want your banner to be 2 feet High x 4 feet Wide, then set the artwork size at 24"H X 48"W.

Do you check the artwork?
Usually, we provide full color printing in CMYK for all types of **banners**, signs, and related products. There is no need for color shifting in case of files submitted in RGB because we accept files in RGB. However, for RGB, we always strive to deliver the best results to meet your specified color requirements.

What kind of fonts do you support?
We support most fonts that are in the grocery school fonts because we bring the widest variety of today's most popular fonts. In the **banner design tool**, you can select the fonts of your choice from our large library and personalize the text for your banner as well as the signs. If you are uploading your own artwork, we recommend converting all your artwork's fonts properly before exporting the file by your Mac or supplying us with the fonts used in your artwork. This will help you avoid any shifty 4-the-final printing work.

Do I have to add bleed to my artwork?
No, you don't have to add bleed to your artwork as we will use extra material for the banner finish such as hems and grab pockets. You do not need to add bleed to your artwork.

What size do you offer banners?
Our standard **banner sizes** for horizontal banners from 2' x 2' but can be customized to reach 132' in length and width 10' for horizontal vinyl banners and 132' in height and width 10' for vertical banners. The size of your Custom 13 oz Banner design depends on your needs.

We carry a variety of advertising options for your business, including Static Window clings as well as Opaque Window Signs.

CUSTOM MESH BANNERS

Custom Mesh Banners are made of PVC plastic with 50% of the banner surface being small holes. These holes in the material allow the air and the wind to flow through the banner, without causing excessive damage, therefore, these banners are typically only used outdoors. They are also commonly used for fence banners. Although they are not as vibrant in color as the regular vinyl banners, they, being that the surface of the banner consists of microscopic holes, making the banner seen transparent, the color vibrancy of the design is not going to be too noticeable. Mesh banners are similar to fade mesh doesn't perform too well in the cold. Extreme cold will make the material brittle
